

Karla Fabiola Meza Sosa, PhD

Editor-in-chief

Archivos de Neurociencias

Dear Editor-in-chief,

By means of this document, the undersigned, as exclusive authors of the text referred to below, declare that we are submitting it for evaluation and possible publication in the journal *Archivos de Neurociencias*, edited by the National Institute of Neurology and Neurosurgery Manuel Velasco Suárez. This is an original work which has not previously been published or submitted to another journal or publisher. We have also not transferred the authors' rights or granted authorization to another natural or legal person who is considered to have rights over the work.

We declare that the article is an original product of our authorship and does not contain any quotes or transcriptions of other works without giving due credit to the rights holders. In the case of the use of images, photographs or documents that require it, we have the proper reproduction authorizations from those who own the legal rights. If there is a challenge to the content or authorship of the article the responsibility will be exclusively ours, relieving the National Institute of Neurology and Neurosurgery Manuel Velasco Suárez and the journal *Archivos de Neurociencias* of all responsibility for any demand or claim that may be formulated by any natural or legal person who is considered entitled to the text, assuming all legal and economic consequences.

Due to the aforementioned, we express our consent for the article to be reviewed using the software approved by the Editorial Committee of the journal, which allows for the detection of content similarity. Likewise, we acknowledge that, if a high percentage of similarity is found with another text previously published by us or by third parties, the article may be removed from the editorial process of the journal.

**INSTITUTO NACIONAL DE
NEUROLOGÍA Y NEUROCIROLOGÍA**
MANUEL VELASCO SUÁREZ

The authors of the work being postulated are aware that the journal contemplates, as part of its editorial policy guidelines, the mandatory accreditation of the editorial opinion and the academic opinion (under the blind peer review modality) for the possible approval of an article, and they are also aware that the results of said opinion are final in all cases.

Sincerely,

The authors
